EXCURSIONS TO THE CASTLE HOT SPRINGS

(From Friday's Daily)

If you want to see the prettiest spot in Arizona outside of the majestic Grand Canyon; if you want to experience an exhilarating auto drive among the heights of the Bradshaws and feast your eyes upon a wonderful scenic panorama; if you want to soothe your tired nerves, rejuvenate your body and your spirits, then do not fail to avail yourself of the opportunity to visit Castle Hot Springs. The season will close at this famous resort on May 1, and four excursions have been arranged in the interim, the dates being April 16, 17, 23 and 24. For the round trip, the Santa Fe has made the low rate of \$8, and this includes a ride in the new fast automobile from the Junction to the springs, the journey being made in less than three hours. The ticket privileges you to stay until the following Tuesday and if you want to tarry longer—and you certainly will—an extension of fifteen days will be made upon the payment of half a dollar. Similar excursions are to be run from Phoenix and Prescott visitors will have the pleasure of meeting their friends from the Capitol City.

Go down and spend a couple of days. Stroll along the walks bordered by orange trees and roses in full bloom by the side of running waters. Take a bath in the thermal, invigorating waters of the big spring, and then at the proper hour sit down and enjoy what is conceded to be the finest cuisine in Arizona. A trip like this will add five years to your life.

Although hundreds of bills have been introduced in congress, some have been "ditched" and others have been considered, but there is a big Bill in the White House that is always considered and won't be "ditched" or side-tracked.
